

# BRING YOUR OUTDOORS INSIDE!

**Award - Winning Ziptrak®** track-guided blind system is the ideal solution for vertical screening for cafés, patios and verandas.

- Easy protection from the elements - all year round.
- Ideal for New Zealand's variable weather.
- Unobtrusive when up, aesthetically pleasing when down.
- Custom made to blend into your environment, classical or modern.
- Motorised option with solar PVC mesh.

**Simple to operate** - specialised spring-loaded roller and aluminium side channels allow the screen to glide easily up or down and stay in any position you choose. Bottom catches lock the screen in position for heavier weather.

- No zips, ropes or pulleys
- No bulky tracks or grinding handles
- No buckles, straps or flapping
- No gaps or draughts
- No hassle!

Just simple trouble free satisfaction

# KEEP WARM IN WINTER - COOL IN SUMMER

## Multiple OFPANZ Award Winner

- Beautiful, patented design
- Custom made to suit your outdoor area - for privacy, sunscreen or to keep wind and rain at bay
- Ideal for schools, kindys, homes or cafés
- Aluminium components coloured to match your décor
- Specially designed side channels keep blind taut between pillars - no flapping or billowing
- Simple, quick exit for emergencies

Ziptrak® blinds are made in your choice of fabric to achieve your desired look or shelter objective:

- Clear or tinted PVC to retain the view but keep out wind and rain
- Mesh for cooling and shade while retaining attractive silhouette views
- Acrylic canvas for shade or colourful impact

Any combination of the above is possible - ask your Ziptrak® consultant.
